

ARROWHEAD ELECTRIC

LOOKING FOR A TAX BREAK?

With the start of another heating season, we would like to remind members who have electric heat as a primary heat source, that their heat is exempt from Minnesota sales tax November through April.

The exemption only applies to electricity used as your primary fuel for residential heating. If you have two heat meters, only one heat meter is tax-exempt. Electricity from lights, appliances, etc. is not tax-exempt. Arrowhead Cooperative must charge sales tax unless we have a Sales Tax Exemption Certificate on file. If you sent in the form in the past you do NOT need to send it in again. We renew it automatically. If you find you qualify and are not sure if you have already submitted this certificate look under your rate on your bill. If it says "Winter Exempt" in your rate description then you are tax exempt.

ELECTRIC HEAT SALES TAX EXEMPTION CERTIFICATE

This is to certify that the main source of heat for my home (over 50%) is furnished by permanently installed electric heating equipment and I, therefore, am eligible for the electric heating sales tax exemption, as provided by Minnesota state law. This is for the billing months of November through April only.
