

## **2022 Residential ChargeWise EV Ready Garage & Home Guidelines**

Arrowhead Cooperative offers a voluntary option for make ready ChargeWise Electric vehicle charging. The ChargeWise rate offers members the lowest-cost off-peak electricity for charging an EV. Charging would be only during off-peak hours. Power will not be supplied outside of the off-peak hours and the circuit must be dedicated to EV charging.

- Energy rate during charging falls under the off-peak load management ChargeWise program.
- Charging time is eight hours per day, generally from 11p-7a.
- Charging is not available during other hours.

### ChargeWise EV Ready Metering Requirements:

- Circuit must be dedicated to EV charging only.
- Necessary wiring must be run to a blanked junction box labeled with “Reserved for future EV charging”.
- Label circuit breaker in electric panel as “Reserved for future EV charging”.
- Meter socket must be for a primary voltage meter. CTs are not allowed.
- Meter socket must be blanked off and labeled “Reserved for future EV charging”.
- Outlets of any amperage are not allowed. Level 3 EVSE chargers do not qualify.
- If Solar or other distributed generation is onsite, the meter base needs to be a direct meter base configuration.

### Availability for ChargeWise:

- EV rate participation is on a voluntary basis for members not on a larger power rate.
- Service is limited to electric vehicles that are registered and operable on public highways.
- Low-speed electric vehicles, including golf carts, are ineligible to take service on this rate.
- The member may be required to provide the Cooperative with proof of registration of the electric vehicle prior to taking service under the reduced rate.

### Rebate Application:

- Complete and return the ChargeWise EV Ready Rebate Application
- Schedule a verification appointment with Arrowhead to verify the ChargeWise EV Ready Garage or Home
  - “Reserved for EV Charging” stickers will be applied during the verification appointment

### Terms and Conditions:

Internal wiring and equipment failures on member-owned equipment are the responsibility and liability of the member.

Some technologies and equipment may not be compatible with our rate and service combination. Please contact Member Services at 218-663-7239 if you have questions.
